SUMMARY

I'm an Israeli Software developer with 4 years experience looking for a position as a Full-Stack/Mobile/Backend/Frontend developer.

- Highly autodidactic.
- Effective in a team or solo.
- Experienced working with different time zones.

EXPERIENCE

2020—Present — Independent Developer (Full-stack & Mobile)

- **Developing** a tournament management system for sports.
- **Developing** a cross platform open-source application for the Diet & Fitness sector.
- **Mobile Apps development** and package authorship using Flutter, iOS native (Swift & Objective C), Android native (Kotlin & Java).

2018–2020 — R&D and Mobile Core Network Team lead, BeConnect, Cyprus/Mexico

Be-Connect is an R&D company providing solutions in the Telecom industry.

I was responsible for:

- **Researching vulnerabilities** in Mobile Networks and SIM Cards.
- **Designing and implementing** the company's SS7 Mobile Core Network.
- **Evaluating contracts** with partners.

2017–2020 — Full-Stack Developer, TRG intelligence, Israel/Cyprus

- **Developing & Maintaining** the customer-facing Frontend and Backend.
- **Writing and maintaining** monitoring scripts.
- **Deploying code** to Linux VMs.
- **Mentoring new developers** and dev-ops engineers.

2016 — NOC Team lead, BlackRock Marketing, Israel

Responsible for all IT services and the FreePBX call center.

2012–2015 — Data Center Administrator, IDF 8200 Unit

Responsible for over 1000 physical and virtual servers in production, Core Network equipment and over 1PB Storage machines.

SKILLS AND TECHNOLOGIES

- Programming Languages: Python, JavaScript (Browser and Node), Java, Dart, Kotlin, Swift, C, C++.
- System: Linux, Windows, Nginx, Docker, VPNs and more.
- Frameworks and Tools: Flask, Express.js, Spring Boot, Hugo, Flutter, Xcode, Android Studio, jQuery, Tachyons, Bootstrap, Tabulator, HTML5 Canvas, Gulp, Git and more.
- Databases: MongoDB, Google Cloud Firestore, CouchDB, IndexedDB, SQLite, MySQL, PostgreSQL.
- Cloud Services: DigitalOcean, Linode, GCP AppEngine, Google Firebase, Instagram API.
- Other: Leadership, Knowledge and Code documentation.

EDUCATION

2019–2019 — TU Dortmund University - Exchange Program, International Business and Financial Modeling

2011–2012 — ORT Colleges - Certified Technician, Electronics and Computer Engineering

2008–2011 — ORT Colleges - High School, Electronics and Computer Engineering
